LENDAGER GROUP is currently looking for talented and ambitious interns in Lendager ARC and Lendager UP to join us and take part in moving our company and society in a more sustainable direction.

WE ARE

a young, growing company built on a wide range of professional qualifications throughout our three divisions: Lendager ARC, Lendager UP and Lendager TCW. We have high ambitions within the fields of resource-efficient cities, buildings, strategies and materials. We always strive to work holistically with sustainability and with a constant goal of raising the standards for sustainable buildings, planning and strategies.

YOU WILL WORK WITH

- Strategies for sustainable urban development
- Various sustainable building typologies
- From sketching to building phases
- 1:1 mockups of new sustainable materials
- Model building
- 3D-modelling

WE OFFER

a varied and challenging working environment at the forefront of sustainable development and a great team who will do their utmost to unleash your potential.

For more information about our departments, please visit: www.lendager.com

If you want to apply for an internship position within ARC or UP, please forward your portfolio, CV and cover letter to praktik@lendager.com, att: ARC or UP (max. 10 MB)

DEADLINE

Sunday, April 26th 2020
